

UK Innovation at IPM Dubai

Release date: 7th Jan 2009

CHA Organises UK Pavilion at IPM Dubai for First Time in 2009

Following a successful group visit to the event in 2007, the Commercial Horticultural Association in the UK are pleased to announce they will be leading a British National Pavilion at IPM Dubai for the first time in 2009.

Amongst the UK exhibitors, The Cambridge Glasshouse Company has been at the forefront of the manufacture and construction of specialist glasshouses, containment systems, M & E services, water/irrigation equipment for experimental, research facilities, Botanic Gardens etc for over 50 years.

Cambridge Glasshouse can provide a complete technical package from design to full turn key project and will be available at IPM Dubai to discuss your requirements.

First-time exhibitor Valcent Products (EU) Ltd will be displaying their hi-technology vertical growing systems for use in polytunnels and greenhouses. Visit the UK Pavilion to find out more about this innovative system.

The Commercial Horticultural Association is the UK Trade Association for manufacturers and suppliers of plants, products and services to commercial horticultural growers throughout the world, providing access to a wide range of horticultural supply products and services from the UK's leading exporters.
